HISTORY

Now in its 34rd year, The Southern Pain Society is an association of physicians and healthcare practitioners whose mission is to serve people with pain by advancing research and treatment and increase the knowledge of the regional professional community. We acknowledge that chronic pain is a interdisciplinary health issue that requires collaboration from multiple pain specialists. We welcome all professionals interested in the field of chronic pain including physicians, nurse practitioners, physician assistants, psychologists, nurses, therapists and other healthcare professionals.

After much thought and deliberation, we are offering a 4-part virtual event in place of our usual live event in New Orleans. Our nationally and internationally known faculty are all on board and are excited to participate. Our 15 hours of CME have been divided among 4 dates, two dates in November 2020 and two dates in March 2021. Your support will cover all 4 dates, giving you multiple opportunities to interact with attendees.
